The search for truth and the remembrance of the Self has been going on since we left the Oneness of Divinity; and will continue until all Souls return to the Oneness; and the dissolution of this grand illusion is complete. This book of wisdom is for those seeking an elevated awareness of truth. The author takes the reader on journey of absolute truth in a simple and mindful manner. We have been conditioned by this world of duality and its inherent beliefs, and the need to breakdown this conditioning to relearn and understand an absolute truth is not always easy. But the author has made a remarkable attempt to simplify this process in an unassuming and consistent manner. Be your Self is not a book that you will want to read just once. You will want to read and reread it over and over again until you merge with the awareness of absolute truth that this material presents. It is a book that provokes and encourages questioning and thoughtful debate.
