The No. 5 Lenses will make life-size heads, sharp and free from distortion. They are in use in many of the leading galleries of the country. These Lenses since their first introduction have enjoyed an unusual popularity and are beyond doubt destined to become the best known Lenses in the American market, due to their merits only. We are desirous that they be compared in every direction with the best foreign productions of similar type. They are of the rectilinear, compound type, intended for studio work and all kinds of outdoor photography. They are in no manner an imitation of any form, but have a construction...
