## The Go Programming Language (Paperback)

By Alan Donovan, Brian W. Kernighan

Pearson Education (US), United States, 2015. Paperback. Book Condition: New. 231 x 188 mm. Language: English . Brand New Book. The Go Programming Language is the authoritative resource for any programmer who wants to learn Go. It shows how to write clear and idiomatic Go to solve real-world problems. The book does not assume prior knowledge of Go nor experience with any specific language, so you ll find it accessible whether you re most comfortable with JavaScript, Ruby, Python, Java, or C++. \* The first chapter is a tutorial on the basic concepts of Go, introduced through programs for file I/O and text processing, simple graphics, and web clients and servers. \* Early chapters cover the structural elements of Go programs: syntax, control flow, data types, and the organization of a program into packages, files, and functions. The examples illustrate many packages from the standard library and show how to create new ones of your own. Later chapters explain the package mechanism in more detail, and how to build, test, and maintain projects using the go tool. \* The chapters on methods and interfaces introduce Go s unconventional approach to object-oriented programming, in which methods can be declared on any...
