Concept Publishing Company Pvt. Ltd., 1990. Hardcover. Book Condition: New. This book contains materials which constitute the foundation of district planning process in India. Its publication coincides with the 60th birth anniversary of Dr. K.V. Sundaram who firmly believes in capability building of the personnel at grass-root levels for ensuring effective decentralisation of planning and development processes and who has contributed so immensely of the theory and practice of district planning. The volume deals with the concepts of spatial planning, district development scheme, basic issues involved in district planning and revitalising Panchayati Raj. Goal setting objectives formulation and resource mobilisation as well as approaches, strategies and management skills for district planning have received due attention. Apart from land and water resource analysis, agricultural production planning including that of horticulture, animal husbandry and allied activities has been looked into. Infrastructure, social services, rural employment and development administration have been studied in depth. The volume is meant for all those interested and involved in decentralised planning and shall serve as a basic reference book for students, academics, statutory authorities, planning organizations and specialists. Printed Pages: XI, 331.
