Reviews

Completely one of the best publication I actually have ever study. I really could comprehend almost everything out of this written e publication. Your daily life span will likely be change as soon as you total reading this publication.

(Prof. Adolph Wisoky)

CUSTOMER EQUITY ANALYSES

GRIN Verlag Apr 2009, 2009. Taschenbuch. Book Condition: Neu. 214x149x17 mm. This item is printed on demand - Print on Demand Neuware - Diploma Thesis from the year 2008 in the subject Business economics - Marketing, Corporate Communication, CRM, Market Research, Social Media, grade: 1,7, University of Applied Sciences Essen, language: English, abstract: Corporate management today is exposed to an area of conflict that allows only limited latitude. On the one hand, top management is regularly faced with the company owners' requests for an appropriate return on equity or Shareholder Value, a request that executives of public companies are mostly obliged to by contract: 'Corporate Mission Statements proclaiming the responsibility of management is to maximize shareholder's total return via dividends and increases in the market price of the company's shares around.' On the other hand, increasingly mature and well informed customers demand more and more customized goods for their individual requirements and are often known to change their buying behavior quickly. This behavior forces many organizations to an uncompromising orientation towards Customer Value, and a strict customer focus in both corporate planning and management, in order to further develop competitive advantages and to satisfy and retain valuable customers. This is particularly true for middle and lower management. Hence value creation for customers finds itself opposed to value creation for shareholders. A conflict that appears to find its resolution only in a consequent consideration of customer relationships as investment objects, whose continuation or intensification must be justified through an evaluation of economic efficiency. Against this background, systematic customer valuations become indispensable in order to obtain segmented and efficient market development and to enable a supplier to substantially ensure the availability of the critical resource customers. Based on the fundamentals of value-based management theory, value-based marketing and the reciprocal character of c...
